

TrackLight

100% Covert GPS Trailer Light

If you can install a trailer light, you can install a TrackLight!

TrackLight is designed to look, work and install the same as a normal tail light. It delivers complete covertness, robust performance and the quickest and simplest installation of any asset tracker in the trucking industry. Using the already available trailer lighting circuits for power, it requires no extra wiring or mounting.

TrackLight is available in various models

4" Round (VT1611)

6" Oval (VT1711)

6" Side Marker (VT2011)

4" Square (VT2012)

**Designed for
all types of
trailers!**
